

## Ultra mobile device

- Patients screening & follow-up anywhere
- Non-invasive & quantitative liver exam

• CAP™ Steatosis assessment

- VCTE™ liver fibrosis & cirrhosis assessment
- All morphologies
- Smartly adaptable
- Battery operated device
- Light and easy to handle

### BENEFITS

- Non-invasive
  - Precise & reproducible
  - Standardized procedure
  - Easy to use
  - Can be performed by any trained operator (physician, nurse or clinical staff)
  - Fast measurement (a few minutes only)
  - Immediate results
  - Certified training & consumer service
- 
- Clinically validated: 2000+ peer-reviewed publications
  - Guidelines recommendations (EASL, AASLD, APASL, WHO)
  - Patented technology
  - Proprietary algorithms
- 
- Adapted to most settings
  - Connectivity
  - Value-based
  - No consumable

### OPTIONS

- Dicom compatibility
- Maintenance contracts
